NEEDED AMENDMENTS BY OFF FORMOSA.

Bulletin Issued Addressed to Every
Livestock Organization.

REASONABLE RATES.

Agitation Has Been Started Having
For Its Object the Extension of
Trade, and Philippine Busi-
ness Demanded.

Denver, May 17.—In a bulletin, which is addressed to "All Livestock Organizations," the National Livestock association makes the following announcement:

"The national association has already begun work in the direction of needed amendments to the interstate commerce law, providing for just and reasonable railway rates and service by representations made before the interstate commerce commission of the senate in February and May by arguments individually with a majority of the senators of the United States.

"About Feb. 1 the representatives of this association secured, through Senator Proctor of Vermont, the passage of the resolution of inquiry directed to the secretary of war, asking for the amount and cost of supplying our army in the Philippines with meats and why the same was obtained from foreign sources instead of the United States. This action is to be followed by the introduction of a joint resolution in the coming session of congress requesting that the American army shall be supplied with American meats as has always been the policy of this country heretofore, and which in the Philippines has amounted to approximately 40,000,000 pounds annually.

"This association has started an agitation in favor of broader and greater export business and for the necessity of a readjustment of our commercial relations with continental countries, especially in behalf of free admission of our meat products into their markets. This movement has been taken up by a large number of other industrial organizations.

"Your vice president and general manager acted as chairman of the committee on organization of the National Association of Exporters, which has issued a call for a general meeting to be held at Chicago the latter part of June and which will be represented before the National Association of Manufacturers at Atlanta, Ga. A large number of representative meetings are being arranged throughout the country especially directed to this end.

"It is desirable that the most intimate relations be established and maintained with the department of agriculture, the department of the interior and the department of commerce and labor to the end that the wishes of the western cattlemen on the subject of ranges, forest reserves, sanitary inspection of all sorts, a more complete, reliable and frequent census and the development in every possible way of the industry by the governmental agencies indicated be made known.

"It is absolutely essential that the great livestock industry of the country shall have a truly national representation. We, therefore, urge upon you to secure the consideration of this later by your executive committee and at the earliest possible time obtain favorable action of the body of your organization.

J. H. GWINN,
"Secretary."

GREAT EGG SHIPMENT.

Three Hundred and Sixty Thousand
Were Sent to Chicago.

Temple, Tex., May 17.—A shipment of 360,000 eggs, filling 1000 cases and two full refrigerator cars, were shipped to Chicago by a Temple commission house. An average of one car per week has been shipped from here for some time, the eggs being accumulated from a wide range of territory contiguous to Temple.

MASHED TO DEATH.

Horse of a Prominent Young Man Fell
With Fatal Result.

Houston, May 17.—Jacob Strack, Jr., son of a wealthy farmer and stockman near Klein, in the northern part of this county, was the victim of an accident that resulted in his death. The young man was driving some of his father's cattle into a pen when his horse fell to the ground with the rider underneath. The pommel of his saddle struck him in the stomach, causing injuries that resulted in his death some hours later. He was just twenty-one years of age.

Two More Arrests.

San Antonio, Tex., May 17.—Henry Elliott and Alfred Finerling of this city were arrested in connection with the lottery indictments. They were indicted on the same charges as the other six men and their bonds fixed at \$2500 each. They were arraigned before Judge Maxey and gave bond.

Sale Not Made.

New York, May 17.—Judge R. S. Lovett says the Texas and New Orleans road has not been sold. He stated further there will be no announcement for several months to come.

Baton Rouge's Big Blaze.

Baton Rouge, La., May 17.—The City oil mill was destroyed by fire tonight. Loss, \$150,000; fully insured.

Believed That Admiral Togo Is Pre-
paring For Battle.

TAKES UP POSITION.

State of Martial Law Existing Upon
That Island Has Resulted In
Women and Children Tak-
ing Their Departure.

Amoy, China, May 17.—It is believed that a part of the Japanese fleet is taking up a position below Formosa and that Admiral Togo has planned to fight the Russians south of Formosa. The Japanese get orders from this vicinity at night time.

The state of martial law, first declared at Tamsui, Island of Formosa, and subsequently made general throughout the island, has been followed by the appointment of a military executive and the moving of women and children from the Pescadore Islands to Formosa.

LITTLE SKEPTICISM.

Belief Seems to Be Government's Policy
Is Genuine.

St. Petersburg, May 17.—There is little room for skepticism as to the genuineness of the broad policy of imperial reform after the remarks steps sanctioned by Emperor Nicholas in the imperial rescript issued Tuesday modifying the restrictive decrees in nine western governments and giving the Poles greater freedom for acquiring farm lands and purchasing landed properties and giving permission to introduce the Lithuanian languages in primary and secondary schools, where a majority of the inhabitants are non-Russian. Almost at one sweep the whole burden of vexatious laws in Poland and the Baltic provinces have been removed and the privileges for which the natives have been fighting for years restored to the assemblies. Polish nobles are re-established, and all harsh administrative measures introduced at the time of the policy of reaction and Russification abolished. In effect, the measures sanctioned amount to an entire reversal of the Russian policy in Poland and the Baltic provinces.

In Poland, by confining land holding to persons of Polish extraction strictly, by inheritance by descent and not even by testament, it was designed to force the Poles to either become orthodox Russians or drive them into Poland proper. Hardships thus entailed were innumerable. The property of deceased Poles was sold to Russians by forced sale and at ridiculous prices. It is pointed out that in order to avoid in the matter of introduction of Polish Lithuanian languages the emperor specifically directed the formulation of necessary regulations and laws within six months. These measures, it is understood, are to be followed by the introduction of local self-government through the zemstvo system.

The steps taken will undoubtedly have a great influence upon the population of Poland and practically meet the demands of rational reformers, who really recognize the restoration of the kingdom of Poland is an idle and visionary dream. The committee of ministers had gone no further with the question than to grant freedom of residence to the artisan class. Questioning its entirety is of such great importance that it has been decided to refer it to the coming general assembly. This practically is a decision to defer it to the will of representatives of the people, being the first public recognition that the government intends to be guided by its action.

ABSOLUTE DISREGARD.

Rojevsky Proceeded Just as He Saw
Fit to Do So.

Saigon, Cochinchina, May 17.—Admiral Dejonquieres, French naval commander at Saigon, who has been cruising along the Annam coast on the cruiser Guichen, returned here. According to reports gathered concerning the Russian fleet Admiral Rojevsky showed absolute disregard of discussions on the subject of neutrality. The Russian commander proceeded as if his position gave him complete independence. He declared that he acted on his own judgment and said that criticism did not change his opinion. Iron discipline, it is added, was maintained on board the Russian warships.

A correspondent went on board Admiral Nebogatoff's flagship at Khamranh Bay. He was blindfolded, but was well treated by the Russians. Officers expected an engagement to take place soon.

Held In Readiness.

St. Petersburg, May 17.—It is announced from Cronstadt that Vice Admiral Bireff, commander in chief of the Baltic ports, has ordered commanders in the fourth division of Vice Admiral Rojevsky's fleet to hold their ships in readiness to leave for the far east by June 14 without fail.

Two More Captured.

Tokio, May 17.—The British steamer Lincluden was seized by a Japanese warship May 15 south of Korea. The French steamer Quingnan was captured by a Japanese warship on the same date near Pescadore Islands, Straits of Formosa. Cargoes or destinations of the two vessels are not announced.

A GREAT CHANGE IN THE BRAZOS

That May Mean Great Things to the Brazos Bottom Land Owners.

Mr. Alf. F. Wilson has been acquainted with the Brazos river all his life. He told the Eagle representative yesterday that he had a good word to say for the old Brazos—that it acts differently now from its conduct heretofore for many years.

"I never saw the river run so fast before," said Mr. Wilson, "and I believe that the enormous flood of water that fell along the river and its tributaries last week would in the past have caused a great overflow, but this time the river carried it off and the usual disaster was averted."

"To what do you attribute the change in the habits of the stream?" Mr. Wilson was asked.

"I cannot attribute it to anything else than the snagging and improvement in the bed of the stream from Old Washington south," said Mr. Wilson. He went on to say that he did not know that this was the cause of the river water running down faster, but was inclined, for lack of other cause, to believe that this is the reason.

Mr. Coulter and other planters on the river think that the improvement of the lower Brazos by the government engineers has caused this radical change in the river's habits, and there can be little doubt that such is the case.

The result is a great boon to the land owners on the river, and to the business interests of the entire contiguous country as well.

The further progress of the improvement higher up the stream will still further reduce the tendency of the river to overflow its banks, and there is no doubt that the time is coming when the oft recurring disasters from Brazos overflows may be classed as a thing of the past.

DUNN'S DYING WORDS.

In His Last Moments Said He Was Shot Without Cause.

Sawyer, J. T., May 17.—Will Dunn, a resident of this place, was shot five times with a revolver on the street and died in two hours. In his dying declaration Dunn asserted that he was shot without cause. There were five bullet wounds in back and he had a pistol in his hand which had not been fired.

Lon Davis a merchant and postmaster at Sawyer, was arrested by Deputy Marshal Holden and taken to Antlers to have an examining trial before the United States commissioner.

An old grudge between the two men is alleged to be the cause of the homicide.

April Oil Inspection.

Guthrie, May 17.—F. A. Ashton, territorial oil inspector, filed his statement of inspection during April, showing 187,594 gallons of oil, 109,439 gallons of gasoline, a total of 297,033 gallons, or 5939 barrels. There was received in inspection fees \$616.66, of which \$147.17 was retained by deputies as salary, and \$462.49 was turned into the territorial treasury.

REFRIGERATOR CARS.

Rock Island Railroad Has Contracted For Eighteen Hundred.

Chicago, May 17.—The Rock Island company has contracted for 1800 refrigerator cars. The recent inquiry into the private refrigerator car lines by the interstate commerce commission and the conditions revealed is said to be responsible for the action of the Rock Island company. The Rock Island system will inaugurate its own refrigerator car service in the fruit and produce trade of the west and south.

Bark Ran Ashore.

Atlantic, N. J., May 17.—A dispatch received at Maritime Exchange station here from Long Branch says the Danish bark Bertha, from New York, went ashore during Tuesday night off that place. Her crew of eight men was landed by the breeches buoy. The Bertha was loaded with hides. She is lying in a dangerous position.

MINOR MATTERS.

John Walker died in jail at Ardmore. Lens grinders are on strike at New York.

The Annie P. has resumed her voyage down Red river.

At Paris, Tex., C. G. Galbreath sold fifty bales of cotton at 8 cents.

Superintendent Abbott of the San Angelo, Tex., public schools resigned.

A boy named Walter Sims was drowned in the Rio Grande at El Paso.

National Beekeepers' association meets at San Antonio Oct. 28 to Nov. 1.

Ten papooses have been born in one Indian family in four years near Eu-faula.

AGREEMENT MADE.

Seven Saloon Firms Will Pay Certain Sum and Costs.

Dallas, May 17.—By an agreement between County Attorney Summers and seven saloon firms of this city a fine of \$500 and costs in each case has been assessed and all gambling paraphernalia in possession of said parties will be turned over to the official to be destroyed. It is furthermore agreed that these firms will permit no more gaming in their establishments. By this action surety companies on the bonds of individuals will not be held responsible.

Will Have Stringent Rules.

El Paso, May 17.—The Mexican government, at the request of a number of merchants of Mexico City, will shortly issue very stringent rules regarding mail order business done with the people of Mexico by American houses. It is understood that the measures to be taken will include the fixing of prohibitive rates of duties against the goods of American houses conducting this sort of business.

Meets at Galveston.

Austin, May 17.—Dr. M. M. Smith of the new state board of medical examiners announced that the next meeting of the board will be held at Galveston June 13-15 for the purpose of organization, election of officers and pass upon applicants for license to practice medicine.

Said to Be Identified.

Sherman, May 17.—A dispatch received from Fort Smith says that Sheriff Russell of Grayson county has identified a man named Howard, in jail there, as one of the parties wanted for burglary and theft of \$2500 worth of silk at Sherman and the murder of Sheriff Russell of Hugo, I. T., while on a train en route to this city.

Mad Dog Bites Three.

Denison, May 17.—J. E. Hunt of Pottsboro and his two sons were bitten by a mad dog. They came here and a mad stone applied.

LARGE PURCHASE.

Frank Haley Purchases Thirty-Five Thousand Head of Yearlings.

Denver, May 17.—Frank Haley of Rifle, Colo., has purchased through the Dupree ranch, near Vanhorn, Tex., from A. A. Cox 35,000 yearlings at a flat price of \$12 a head. The total consideration is \$420,000.

The cattle will begin arriving next week and will make about 100 trainloads of twenty cars each. The cattle will range in western Colorado until about four years old, when they will be marketed.

Haley and his brother, Ora Haley of Larimer county, now control 40,000 cattle. The deal is the biggest one made in the state in ten years. Two months will be required to get all the cattle into the range country.

SCUFFLE ON STEAMER.

Happened on Vessel's Deck and Three Men Thought Drowned.

Tacoma, Wash., May 17.—A desperate battle occurred on the deck of the steamer Centennial, in which several men were slightly injured and three are thought to have been drowned. The Centennial, from San Francisco via Seattle, brought from the latter port eighteen men to work the ship's cargo here. Owing to the existing trouble between the Sailors' union and Longshoremen's union Captain Pierce had been threatened with a boycott by the sailors if he employed at Tacoma longshoremen, and hence he hired a crew at Seattle. When the steamer arrived in port about 200 longshoremen boarded her armed with clubs, billies, pistols and other weapons. Seattle men were beaten wherever found and some thirty shots fired before order was restored.

RECORD BROKEN.

Remarkable Long Distance Wireless Telegraphing Has Been Done.

San Francisco, May 17.—The Pacific coast record for long distance wireless telegraphing has been broken. It is claimed, by a wireless message received from 315 miles out at sea. Communication from the government transport Solace, which left this port Monday, was received over the net magnetic detectors. The best record was made, it is said, at the local station, when a conversation was held with Boston at a distance of 220 miles down the coast some six weeks ago.

BRIGHT, BUT BAD.

Young White Girl Enters Residence in True Burglar Fashion.

Nashville, May 17.—An astonishing climax has been reached to the investigation by the police of thefts that recently have been committed in this city when Mattie Bell Hallerman, twelve years old, a white girl, was arrested on the charge of housebreaking and larceny. The offender is a school girl and unusually bright for her age. She is alleged to have entered several residences in true burglar fashion and stolen considerable money and jewelry.

Street Cars For Chickasha.

Chickasha, I. T., May 17.—The city council has granted a franchise to the Chickasha Transit company to build an operate an electric street railway system. The company gives bond to begin work within six months and have the lines in operation within fifteen months from the date of the passage of the ordinance. It is expected that construction will begin at an early date.

Still Defiant.

Muskogee, I. T., May 17.—Governor Green McCurtain of the Cherokee nation is still defiant, and in a letter received at the Dawes commission from him he scores Secretary Hitchcock in sarcastic terms.

Texas Defeats Vanderbilt.

Nashville, May 17.—In the first game of baseball between Vanderbilt university and the University of Texas since the latter was victorious by a score of 3 to 2.

32 Coulter's Forced Sale.

Will Taylor informed the Eagle yesterday that a span of the Jones iron bridge across the Brazos has fallen in since the last overflow. It is the last span on the other side and the same one which fell in a few years ago with a wagon load of cotton and a mule team driven by an Italian. The bridge is said to be in bad repair and much in need of attention. It is a valuable property and an important crossing and should have attention without delay. Commissioner Arrington, J. B. Stevenson and Prof. Spence of College went to the bridge yesterday to make an estimate for permanent repairs.

Mrs. N. M. McDougald and Mrs. Emma Spell and sons returned yesterday from Bedias, where they were called on account of the illness and death of Col. R. H. Harrison.

Mr. Fred H. White, superintendent of erecting engineers for the Saco & Pettu Machine Co., Saco, Me., was here a few days this week and put up a rowing frame.—Battalion.

Aldermen R. T. Boyle and J. E. Covey left last night for Fort Worth, under instructions from the city council, to purchase a pair of mules for street work.

The fair weather and warm sunshine gives the farmers promise of a chance to catch up with their work; likewise gives the crops a rejuvenating boost.

There will be a tea at the residence of Mrs. F. D. Perkins Friday afternoon from 5 to 7 p. m. Benefit of Episcopal church. Everybody invited. 140

WARM WEATHER HELPS.

Get Rid of Your Catarrh by Using Hyomei Now.

Everyone who has catarrh should take advantage of the warm weather to get rid of this annoying and distressing disease. The right treatment, faithfully followed in May or June, will benefit much more quickly than in the Winter and early spring.

Do not try to cure catarrh of the head and throat by taking drugs into the stomach. It cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the germs of catarrh and prevent their growth.

Hyomei is the only known method of treatment that accomplishes this. It is the simplest, most pleasant, and the only absolute cure for catarrh that has ever been discovered.

When using Hyomei every particle of air that enters the air passages of the throat and head and goes into the lungs, is charged with healing balsams that kill the catarrhal germs and soothe and allays all irritation.

The first day's use of Hyomei will show a decided improvement, and in a short time, especially if used at this season of the year, there will be no further trouble from catarrh.

You take no risk in buying Hyomei. The complete outfit costs but one dollar, and if after using you can say that the treatment has not helped you, E. J. Jenkins will return your money.

GLOOMY PROSPECTS IN NORTH TEXAS.

Mr. G. B. Abercrombie, who returned from Northeast Texas Tuesday, says that crop prospects in North Texas are the gloomiest he has ever seen up there, on account of the excessive rains. He says the rainfall up there has been the greatest ever known, and the corn and cotton crops alike are most unpromising. Corn is small and yellow, the fields mostly under water, while much cotton is not yet planted, and much that is up seems almost ruined.

Mr. Abercrombie went to Emory, Texas, to assist in the prosecution of a case in court there, but says that everything on the court docket was continued and the session of court postponed on account of flood disasters.

We buy real estate as well as sell it.

INSURANCE.

We are prepared to insure any kind of insurable property—stores, stocks of merchandise, machinery, corporation property, warehouses, cotton, country property, etc.

We can insure your life in the best companies on earth for a less premium than many companies charge for the same class of property. This is important, as statistics inform us that while fire insurance is a good thing, life insurance is more important as out of 1300 fire risks one burns, where every man who insures his life dies.

ANOTHER FLEET.

Russia Will Send a Division Soon to the Far East.

St. Petersburg, May 17.—The naval game in the far east is watched with intense interest, but the admiralty is able to throw but little light on the situation. It gives no confirmation of the Tokio report that Admiral Rojstvensky has returned to Honkohe Bay. The Russian admiral is keeping his movements and plans a secret.

The many wild reports emanating from Tokio are attributed to the unsettled state of mind of the Japanese

over the coming battle. The story that

sailors from crews of interned Russian

ships at Shanghai are being sent to

complete the complement of Rojst-

venky's fleet is nonsense, as is the

story that a large number of mer-

cenaries were shipped at Madagascar.

The admiralty considers there is no

harm now in divulging the fact that

Rojstvenky's ships are overmanned

instead of undermanned, and when

they left Libau there was hope that

Chilean and Argentine warships could

be purchased and portions of crews de-

signed for them were carried on board

the Russian fleet. Many naval men are

inclined to the opinion that Rojst-

venky will pass out of the China sea

into the Pacific through the Ballintang

channel, north of the Island of Tucson,

Philippine Islands, and give Formosa

a wide berth, instead of sailing through

the 263 miles' stretch of Straits of

Pormosa, in which the Russians might

be subjected to torpedo attacks.

Another division of reinforcements

of Rojstvenky is almost ready at

Cronstadt and will be sent out under

the command of Admiral Parenago. It

will consist of two fine new battle-

ships, the Slava, and the Emperor

Alexander II., two cruisers, a torpedo-

boat, gunboat, transport and

several minor units. The division now

engaged in speed trials and maneuvers

off Cronstadt. The appearance of this

reserve division in the far east in

the course of the summer should hos-

tile fleets suffer equally in the coming

battle is counted upon to give Russia

the necessary decisive preponderance

upon the sea. The possession of this

division naval men believe may ulti-

mately prove Russia's salvation.

POLICE ATTACKED.

Occurred in Jewish Quarters and One

Person Killed.

Warsaw, May 17.—There were dis-

turbances in the Jewish quarter Tues-

day evening. Police were attacked by

a mob and forced to take refuge in

the market hall, from which they shot

and killed one and wounded another

of the rioters.

The workmen's committee issued a

manifesto denouncing agitators, say-

ing they had deceived the workmen,

who had been led to believe a general

revolution was afoot throughout Rus-

sia and as a result a number had been

killed without gain. The committee

implore the workmen to return to

work and secure their aims by peace-

ful measures.

A message by telegraph from Lodz

reports that slight disorders continue,

but many are returning to work.

Governor General Fired At.

Ufa, Russia, May 17.—Major General

Sokolovsky, governor general of the

province of Ufa, was fired at several

times and seriously wounded in the

police garden during an entertainment.

His assailant disappeared. The govern-

or general's life is despaired of. Vice

Governor Dogdanovich has taken over

the administration of the province.

TERRIBLE TREATMENT.

Young Man Forced to Drink a Dan-

gerous Concoction.

Enid, Okla., May 17.—Louis Mueller,

living near Breckinridge, while on

his way home on his bike, was over-

taken by two young men on horseback

and at the point of a revolver made to

hand over his cash and watch and

then forced to drink the contents of a

bottle, which made him unconscious.

He lay in the road the balance of the

night, and was found in the morning

there by his father while on the way

to town with a load of school children.

His head lay directly in the wagon

track.

Call For Meeting.

Louisville, May 17.—A call has been

issued for the sixth annual meeting of

the Confederate Southern Memorial as-

sociation, composed of the women of

the Confederacy, which will take place

here June 14, 15 and 16, at the time of

the reunion of the United Confederate

Veterans. The association was organ-

ized in Louisville in 1900 and its pres-

ident is Mrs. W. J. Behan of New Or-

leans.

Davis and Daughters Arrive.

New York, May 17.—General G. W.

Davis, the retiring governor of the Pan-

ama canal zone, and his two daughters

have arrived here on the steamer Ali-

lancia from Colon. The body of Robert

West, auditor of the Panama canal

commission, who died of yellow fever

on May 7, was brought here on the

Alliandra.

Shoenfeld Resigns.

Muskogee, May 17.—J. B. Shoenfeld,

United States Indian agent of the Five

Civilized Tribes, located at Muskogee,

has tendered his resignation to Secre-

tary Hitchcock and will take up the

practice of law. Shoenfeld was ap-

pointed six years ago from Wyoming

and reappointed last year by President

Roosevelt.

Presidential Postmasters.

Washington, May 17.—Following

presidential postmasters have been

appointed: Texas: Athens, William

A. Hahn; Sealey, Clara N. Lockwood;

Valley Mills, Charles Simmons. Louis-

iana: Hammond, B. S. Gallup. Okla-

homa: Waukomis, John P. Helt.

Theatrical Manager Dies.

Belfort, L. I., May 17.—Kirk La

Shelle, the theatrical manager, died at

his home here from diabetes. He had

been ill only about one week.

CENTRAL FIGURE.

Presence of Gompers Regarded as the

Harbinger of Peace.

Chicago, May 17.—Samuel Gompers, president of the American Federation of Labor was the central figure in the teamsters' strike status Wednesday. His presence at Chicago is regarded as offering a hope of peace, but the cry of the strikers is still for arbitration, which employers had resolutely refused to the garment workers, in whose behalf the teamsters quit work six weeks ago. Mr. Gompers met labor leaders in a room at the Briggs House. Just before going into this conference he said: "I am not in a position to say what will or will not be done. I say, however, that I have no intention of interfering unless I am commissioned by President Shea and his colleagues to do so."

Two negro strike-breakers, Jesse Ballinger and James Jones, one of whom is believed to have fired the shot which resulted in the death of an eight-year-old schoolboy, Enoch Carlson, were arrested. Both negroes desperately resisted the police. They are employees of the Peabody Coal company.

Chattanooga, May 17.—The sovereign

camp of the Woodmen of the World re-

fused to adjourn and resume its ses-

sions in Galveston, Tex., so that the

delegates might attend the unveiling of

the monument there on May 22, erected

to the memory of the members of the
